

PRODUCT DATA SHEET

FRONTSIDE BLK/BLUE LOW S1P ESD HRO SRC

Art. No. 64.466.0

- Protection:** fiberglass toe cap and flexible FAP® lite midsole
- Plus:** ESD, TPU heel protection, TPU eyelet element for additional strengthening
- Upper:** Sandwich-mesh with microfibre
- Lining:** BreathActive functional lining
- Footbed:** evercushion® CUSTOM FIT MID
- Sole:** URBAN EFFECT Triple density - 300°C heat and slip resistant rubber outsole with rotation point and twolayered midsole made of EVA and continuously high performance EFFECT.FOAM® for excellent cushioning and energy return (70% above the standard)
- Colour:** Black - blue
- Sizes:** 39 - 47

RUBBER SOLE URBAN EFFECT

The HRO rubber sole, which is heat-resistant up to 300°C, has a special sole profile that drains off liquids and thus optimizes the grip (SRC). By increasing the point of rotation, friction and thus fatigue are greatly reduced.

EFFECT.FOAM®

Tireless comfortable!

- 60% energy return
- 47% less impact on bones and joints*
- extremely powerful and light
- permanently high level of comfort for fatigue-free work

* Dynamic energy absorption reduces the impacts to 1.6kN, the average for safety shoes is 3.0kN.

FAP®lite- MIDSOLE

The latest generation of metal-free penetration protections:

- 50% lighter
- very high flexibility
- better cushioning and pressure elasticity
- cooling effect through breathability and sweat absorption

UPPER

Sandwich mesh is a particularly breathable material. The coarse-mesh nylon fabric is extremely tear-resistant, offers good padding and shows no signs of fatigue in hard everyday work. The robust microfiber fabric is easy to care for, breathable, water and dirt repellent.
